

Multipurpose Air/Water Hose

Tube: Black, smooth, synthetic rubber

Reinforcement: High strength synthetic yarn

Cover: Red, smooth, synthetic rubber, weathering and ozone resistant.

Temperature: -4° F to +158° F

Application: Designed for general industrial applications where contact with oil/grease is frequent. Suitable for air, water and oil in separate occasion. Not suitable for chemical and abrasive medium.

Lengths: 300' lengths

| Part Number | Hose I.D. | | Hose O.D. | | Max Working Pressure (psi) | Minimum Burst Pressure (psi) | Minimum Bend Radius | | Weight (lbs/ft) | Lengths (coil/ft) |
